Dear Parents and Carers,

### **Online learning for pupils self-isolating or in the event of school closure**

I wrote to you yesterday regarding arrangements for pupils who are self-isolating because there is someone in their household with a continuous cough or a high temperature. I am writing to you today to confirm what learning plans are for these pupils and for all pupils in the event of a school closure. I am grateful to teaching staff who have been working hard to prepare and direct learning for pupils which has now been uploaded to the website.

#### **When will it be available?**

Online learning is available from the time that you receive this letter as it has already been uploaded to the school's website. It includes a mixture of work related to different subjects or topics. In addition, a number of teaching resource companies have also made much content free to access for a month with no log in needed. We are thankful to them for doing so and where this is helpful in assisting learning activities, teachers have included this in the year group information pages on the school's website.

#### **Where do I find the work for my child?**

The website has year group pages on which you can find the relevant work. We have listed the website links you will need below for handy reference.

Should you experience any issues with the links or with logins for some parts of the resources to which we subscribe as a school, please in the first instance email your query to [office@berewoodprimary.co.uk](mailto:office@berewoodprimary.co.uk) so we can keep a track of any requests. Please do not call about the website issues as we are keen to keep phone lines free for other urgent matters. We will endeavour to respond as soon as possible during school hours with a solution to the issues, but please understand that this might take a little longer than normal.

We hope you will find the resources useful in keeping children's learning going if they do need to stay at home.

Yours faithfully,

Mr Ricky Leigh
