

# *Weekly Work*

*30th March - 3rd April*

Work your way through the activities on each page. If you get stuck, you can email your teacher for help.

Mrs Penfold – [i.penfold@berewoodprimary.co.uk](mailto:i.penfold@berewoodprimary.co.uk)

Mrs Baker – [a.baker@berewoodprimary.co.uk](mailto:a.baker@berewoodprimary.co.uk)

Miss Fitzgerald – [k.fitzgerald@berewoodprimary.co.uk](mailto:k.fitzgerald@berewoodprimary.co.uk)

# *Daily diet of activities*

9am - PE with Joe Wicks live stream

(<https://www.youtube.com/channel/UCAxW1XT0iEJo0TYIRfn6rYQ>)

10am - White Rose Maths

(<https://whiterosemaths.com/homelearning/>)

11.30am - Dance Class with Oti live stream

([https://www.youtube.com/channel/UC58aowNEXHHnfIR\\_5YTtP4g](https://www.youtube.com/channel/UC58aowNEXHHnfIR_5YTtP4g))

Cosmic Yoga

(<https://www.youtube.com/user/CosmicKidsYoga>)

Story Line Online

(<https://www.youtube.com/user/StorylineOnline>)

# Activity 1

## Phonics/Reading – Book Detective

Choose a selection of your books, between 3-5 should do.

Create a tally chart for these tricky words:

<i>for</i>	<i>that</i>
<i>if</i>	<i>some</i>
<i>little</i>	<i>very</i>

Use a magnifying glass (if you don't have one perhaps you could make one!) to find these tricky words in the books. Record your results in your tally chart.

Which word did you find the most? Which word did you find the least?

# Activity 2

## Phonics/Reading – Phonics Pong

*Parents* – dot some cups randomly, in a line or in a triangle. Write some real and alien words on a piece of paper and put each one in a cup.

*Children* – Bounce a small ball and try to get it to land in one of the cups.

If you get your ball into a cup, then take out the piece of paper and read what it says. Remember to find the sound buttons if you're stuck!

Remove that cup and keep playing until all the cups are gone.

Challenge: Get competitive with a set of cups at opposite ends of a table!

Real and alien words can be found on [twinkl.co.uk](https://www.twinkl.co.uk), code: **UKTWINKLHELPS** or through Google Images.

# Activity 3

## Art – Bunny Pictures

Create these fun bunny pictures for Easter!

Make the marbled backgrounds using shaving foam and watercolours/food colouring and then draw your bunny on a plain piece of paper using black and pink pens.

Perhaps you could make them into cards and send them to your friends and family in time for Easter.

Here is a useful video to show you how to do the marbled background - <https://www.youtube.com/watch?v=65e5hKRPEnA> (Though we're sure a painted background would look just as good if you didn't have the other materials.)

We can't wait to see them!

# Activity 4

## English - Writing

Write a letter to a friend who you haven't seen for a while. Here are some ideas of things you could write about:

- a fun outdoor activity that you have done recently
- the yummiest thing you have eaten this week
- something new that you have learnt or tried
- the name of a book that you enjoyed reading this week.

Maybe your parents could send a photo of the letter to your friend's parents on social media so that they can read it, and reply!

# Activity 5

## English - Spelling

**Lots of children have been putting rainbows in their windows.  
Have you spotted any?**

Try practising your spellings with some rainbow writing.  
Take a piece of paper and choose 4 coloured pencils.  
Start with your first word and write it 4 times, each time in a different colour.  
Now write the next word 4 times, each time in a different colour.  
Repeat for all your spellings.

**Remember your school letter shapes start on the line!  
Stick your rainbow writing up somewhere so that you can look at it each day.**

**Parents** – choose 4 spellings for your child to practise.

- Take a look at the list of Common Exception Words for Year 1 on Twinkl

or

- Choose simple words from your child's reading book or a book from home that they are interested in.

# Activity 6

## English - Writing

Listen to and read along with this book, Every Bunny Dance by Ellie Sandall. You could join in with the actions too!

<https://www.booktrust.org.uk/books-and-reading/have-some-fun/storybooks-and-games/everybunny-dance/>

Write a list of the things that the bunnies and fox can do.

E.g.  
clap  
twist  
twirl  
shake  
wiggle  
whirl

Extension – Write as if you are a bunny and start your sentences with I.  
*I can clap my paws. I like to shake my tail.*

Extension – Read it again and write down the pairs of rhyming words, e.g. *sound, found.*

# Activity 7

## Music - Singing

Choose one of your favourite songs on the radio at the moment. Google the lyrics and see if you can sing along to the whole song.

Challenge: Can you sing it to a karaoke version on Youtube?

10 house points if you can record yourself singing your chosen song and send it to your teacher.

# Activity 8

## Maths - Baking

Bake something tasty with your family.

Before weighing or cutting the ingredients, place an ingredient in each hand and discuss if it is lighter or heavier. Put it into a sentence 'the .... is lighter/heavier than the.....'.

Have a go at weighing out ingredients with a family member.

Take a picture or a video and send it to your teacher.

Happy baking!

# Activity 9

## Maths – Number bonds to 10

Game: [https://www.mathplayground.com/number\\_bonds\\_10.html](https://www.mathplayground.com/number_bonds_10.html)

Play the game and don't forget to use resources if you need them. This can be anything such as pasta, toys and buttons etc. You will only need 10.

If you are struggling, watch this video and sing along.  
<https://www.youtube.com/watch?v=OvbWuiYn-Uk>

Take a screenshot of your score and send it to your teacher.

# Activity 10
