

# POSTCARD

Hello Year 5,

The best bit, so far, about my time in lockdown was walking through the freshly-cut fields near my house in the warm, late-afternoon sunshine. It was uplifting to be able to leave the house and taste the fresh air, although we are only allowed one short walk a day. Yesterday evening, I settled into a 'virtual quiz' (which was on Facetime) against my family. Despite the questions being quite difficult, I won rather easily - obviously!

Tomorrow, I am getting up early to travel to the shop - Asda - as we are running desperately low on food because Mrs Langmore has been eating far too many snacks! Hopefully I will return with all the supplies we need. It seems like a long time since I last saw all of you and I'm sure you're all missing school and your incredible lessons and teachers! How are you all getting on with your home learning? Looking forward to seeing you soon!

Mr Langmore!
