

Waterlooville Art Trail

The children of Berewood Primary School have created artwork based on the theme of 'Hands'. After discussions with the children they felt that this theme would reflect how the community centre works in partnership with the local community as well as reflecting some of the wonderful activities that happen at the centre.

Year 2 used pearlescent paints to create flowers.

Children from Year 3 and Year 4 drew round their hands and then used ready mixed paints and a variety of painting techniques.

Year 5 and 5 pupils drew around their hands, painted them with acrylic paints and finally over-painted to learn about paint effects.

We hope you enjoy looking at our wonder paintings, we are very proud of the finished results.
